The background is a dark blue globe showing the continents of Europe and Asia. Overlaid on the globe are numerous glowing blue lines that represent an interconnected energy network, with some lines forming loops and others connecting different points across the globe.

Regulation 543/2013

Transparency in electricity

- 24 June 2015: PHLG Decision adopting Regulation 543/2013 Decision 2015/01/PHLG-EnC
- 25 December 2015: expiry of deadline for implementation and transposition Art 1(1) Decision 2015/01/PHLG-EnC
- CPs to inform ECS of implementation and transposition Art 1(1) Decision 2015/01/PHLG-EnC
- **No notifications received so far**
- **Status quo?**

Publication of electricity data related to:

- Transmission
- Generation
- Load
- Balancing
- Wholesale market

... to be published on the central ENTSO-E (EMFIT) platform

...to be provided by primary data owner or via TSO

Status quo – overview₁

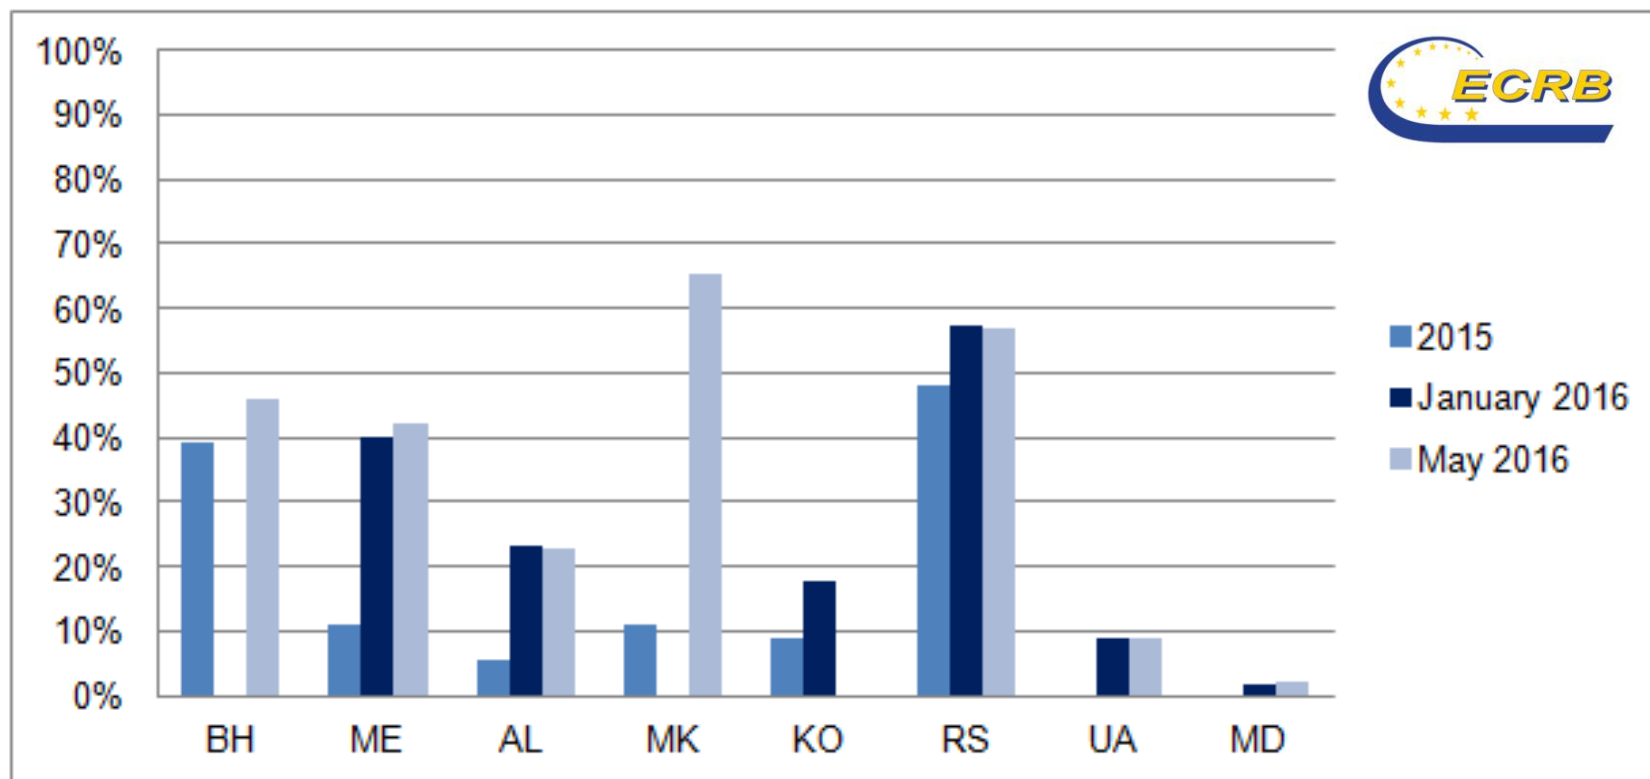

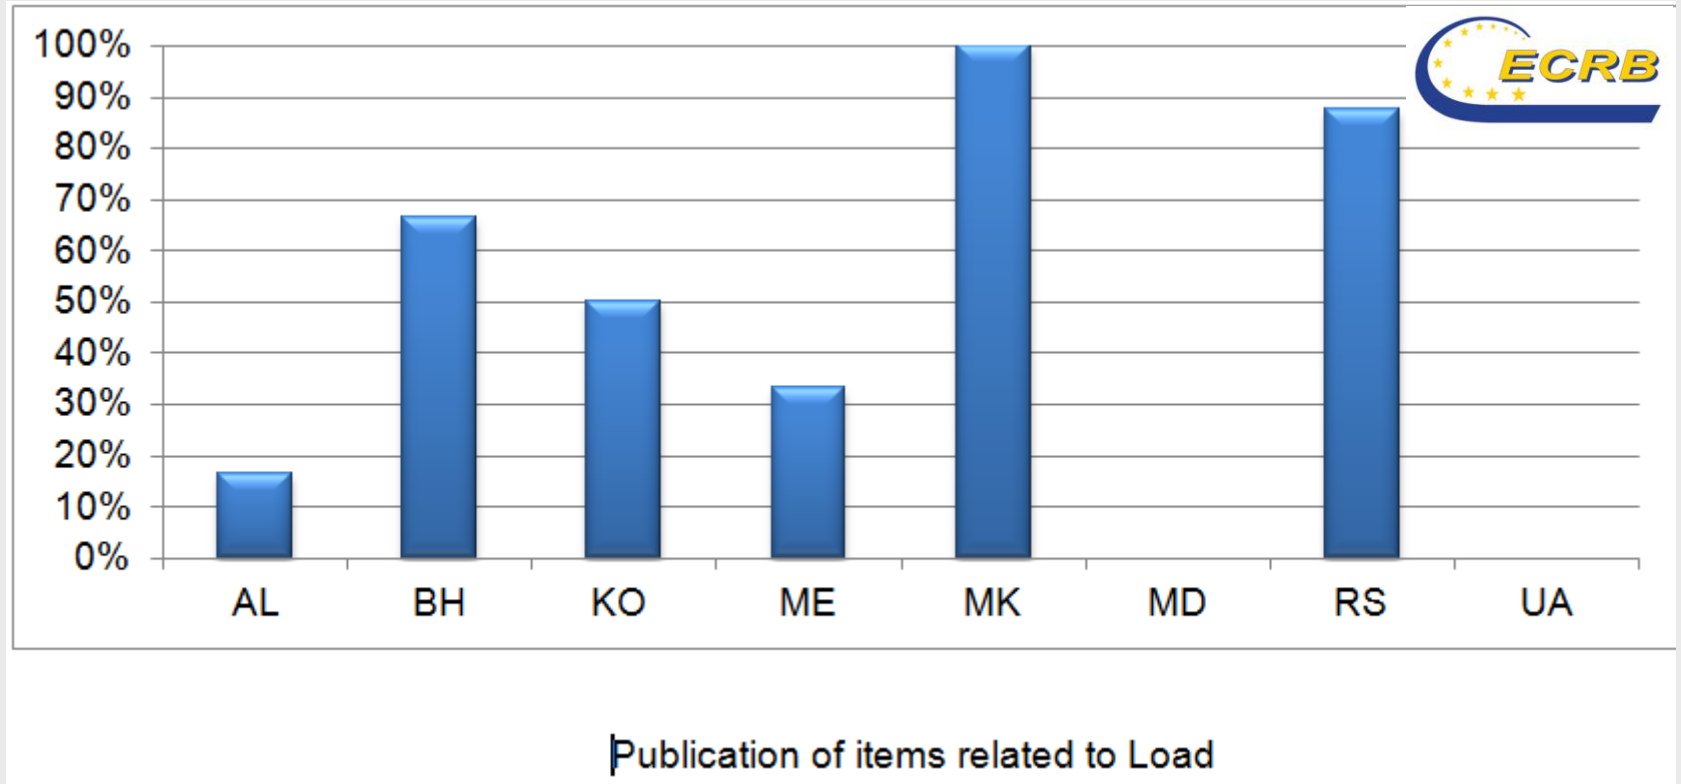

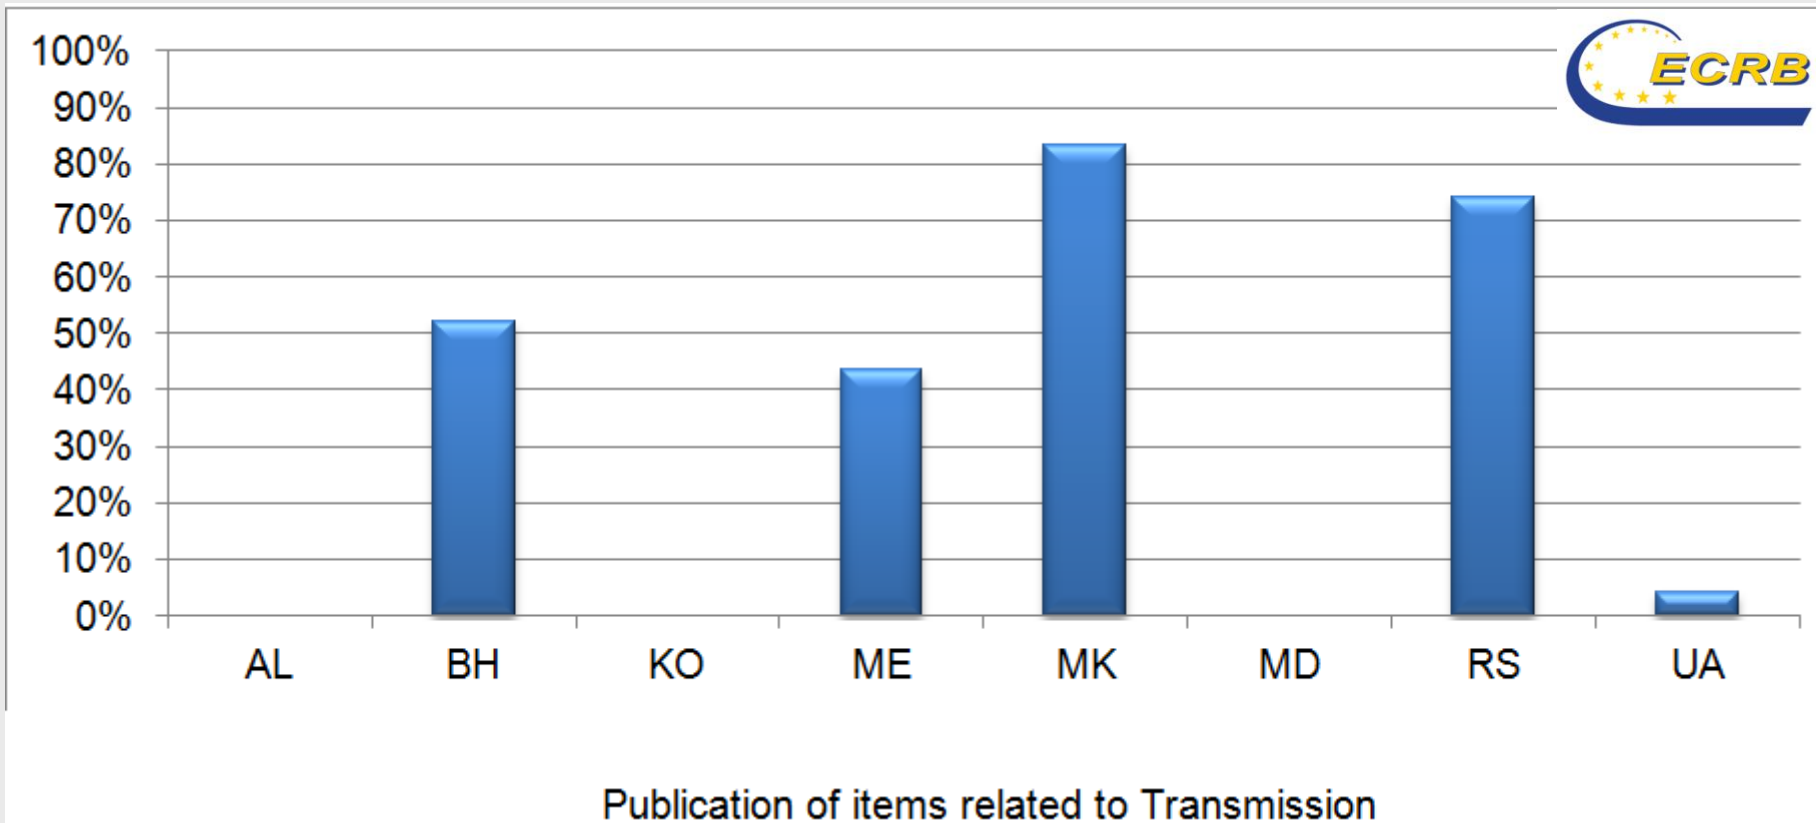

Table 1: Overall scoring in terms of publication of data pursuant to Regulation 543/2013

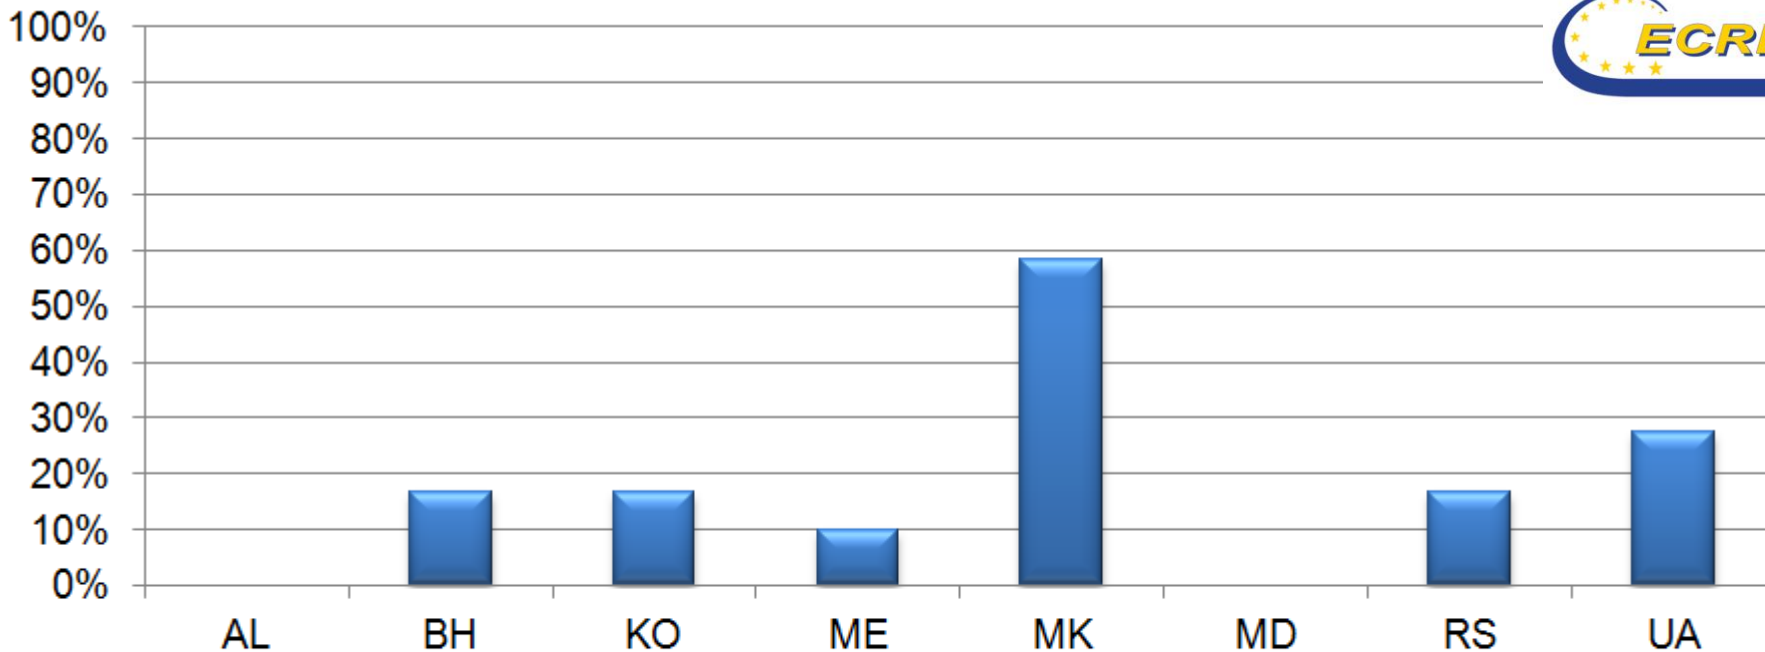

Status quo – overview₂

Status quo – overview₃

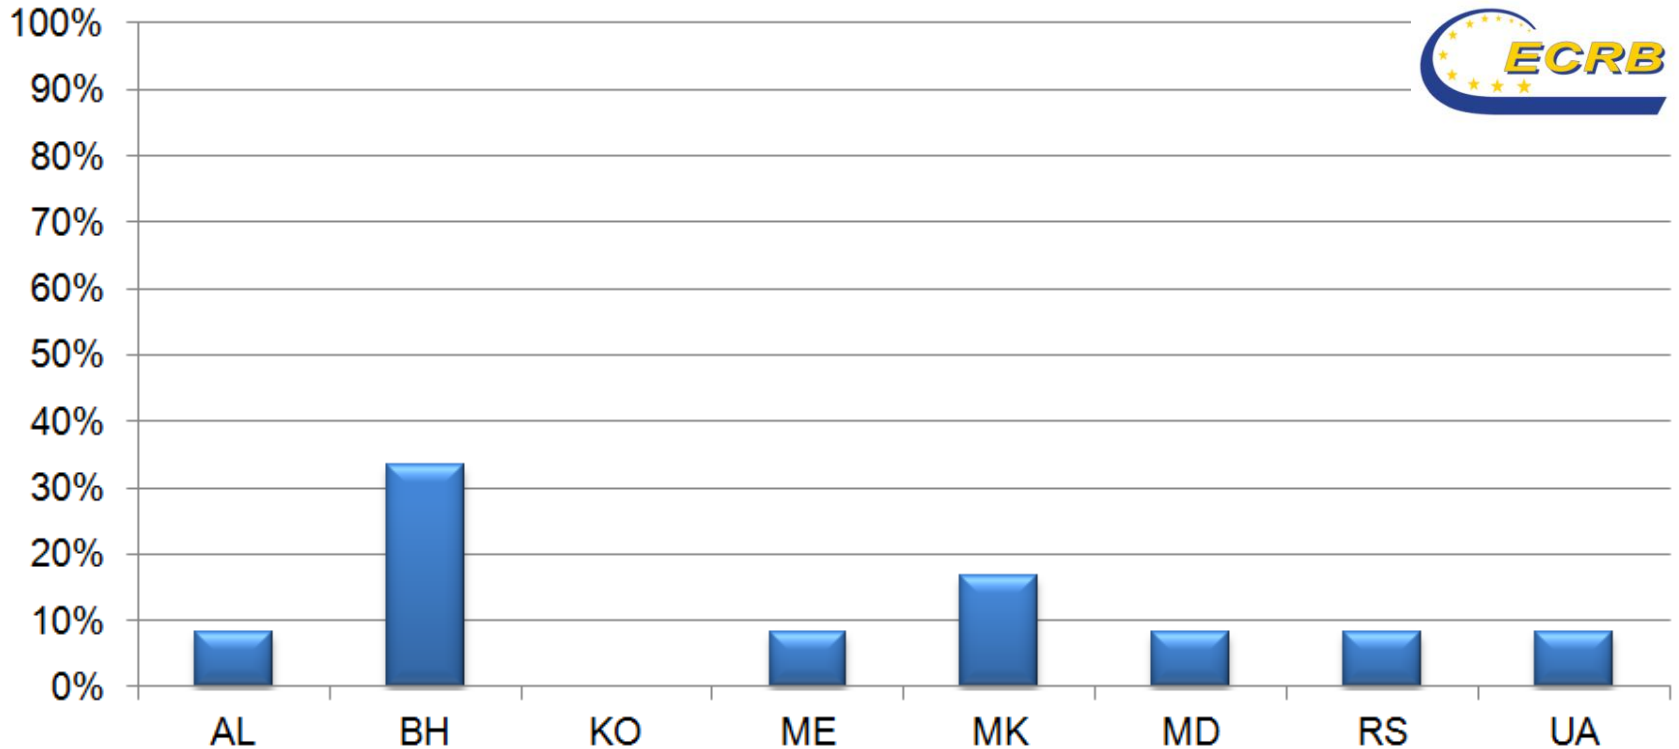

Status quo – overview₄

Publication of items related to Generation

Status quo – overview

Publication of items related to Balancing

The background is a satellite-style image of the Earth at night, showing city lights. Overlaid on this are numerous glowing blue lines that represent energy transmission or a network, curving across the globe.

Thank you for your
attention
