

# Allocation of Gas Transmission Capacities in the Energy Community

Workshop | 14 March 2016 | 10:00 – 16:00

Vienna | Energy Community Secretariat premises – Am Hof 4

09:30 registration & welcome coffee

## Outline

The Workshop targets the identification of most efficient tools for coordinated gas transmission capacity allocation in the Energy Community member countries. Implementation of Regulation (EC) 984/2013 on Capacity Allocation Mechanisms in Gas Transmission Systems will require the Energy Community members to establish web-based capacity booking tools. The Workshop will present existing EU solutions and discuss most suitable models for the Energy Community, strongly focussing on meeting the needs of market participants best.

Chair: Nina Grall | ECS

Time	Topic	Speaker
10:00	<b>Welcome address</b>	Janez Kopač   Director ECS
10:10	<b>Legal framework</b> – core elements of Regulation (EC) 984/2013   applicability in the Energy Community	Nina Grall   ECS
10:30	<b>European booking platforms</b>	
20 min	Overview – platforms' compliance with Regulation (EC) 984/2013   strengths and weaknesses	Bernhard Painz   E-Control
15 min	Introducing PRISMA platform – features   company structure   service fees   allocation experiences	Götz Lincke   PRISMA
15 min	Introducing GAZ-SYSTEM platform – features   organisation   service fees   allocation experiences	Stanisław Brzęczkowski   GAZ-SYSTEM
15 min	Introducing Regional Booking Platform platform – features   organisation   service fees   allocation experiences	Balázs Tatár   RBP (tbc)
	<i>Questions &amp; Answers</i>	
11:45	<i>Coffee Break</i>	

12:15	<b>Regulatory requirements</b>	Dennis Hesselting   ACER
	<i>Questions &amp; Answers</i>	
12:45	<b>Market requirements</b>	
20 min	Traders' views – are three platforms a barrier to efficient trading?   What are essential platform features?	Sebastian Stadler   EFET
20 min	Test case – transporting gas from Romania to Austria and Serbia	Andreas Gunst   DLA Piper
	<i>Questions &amp; Answers</i>	
13:45	<i>Lunch break</i>	
14:30	<b>One market, two platforms – does it work?</b> – challenges   solutions   outlook	Bernhard Painz   E-Control
14:50	<b>A platform master plan for the Energy Community</b> – using EU platforms or setting up a regional platform?	Participants   Tour de table
15:45	<b>Wrap up and way forward</b>	Nina Grall   ECS
16:00	Close of the Workshop
