

## **CALL FOR EXPRESSION OF INTEREST**

### **Roster of Experts to support the activities of the Energy Community and its Secretariat**

## 1. Introduction

Energy Community Roster of Experts (RoE) is a database of qualified service providers for delivering ad-hoc, short-term assistance to the Energy Community and its institutions, i.e. Secretariat in the framework of its work program, including in the framework of EU funded grant contracts concluded between the Energy Community and/or the European Commission and other donors.

### Background information

The principle objective of the Energy Community is to create a regulatory and market framework that is capable of attracting investments for a stable and continuous energy supply. This paves the way for an integrated energy market, allowing for cross-border trade and integration with the EU market.

The Energy Community strives to enhance security of supply and competition, and to improve the environmental situation in its Contracting Parties. Currently, the Parties to the Treaty are the European Union and nine Contracting Parties: Albania, Bosnia and Herzegovina, Georgia, Kosovo\*<sup>1</sup>, North Macedonia, Moldova, Montenegro, Serbia and Ukraine. Armenia, Turkey and Norway are Observers.

In the last ten years of its operations, the Energy Community and its institutions, including the Secretariat, have gained experience in number of initiatives on European and regional level across the territories of its constituencies. The Secretariat has become a professional partner for the EU and other donors in the course of energy reform through the implementation of European energy law and energy policy strategies incl. Energy Union strategy and other regional programs.

Energy Community's activities are financed by the contributions of the Parties to the Treaty establishing the Energy Community according to the Parties' contribution table laid down in Annex IV of the Treaty<sup>2</sup>.

The Energy Community is currently implementing one grant contract - EU4Energy Governance Project - funded by the EU, which overall goal is to create a robust legislative and regulatory framework that is vital for the development of a sustainable energy sector. The project works with Eastern Partnership countries to strengthen their legislative and regulatory frameworks.

### Application of the Roster of Experts

The Roster applies for the purpose of contracting services such as consultancy and legal services, falling within the areas listed under point 8. below, under the Energy Community budget (ordinary budget) and its extra-ordinary budget, that includes EU-funded grant contracts, revenues from other IFIs.

Exception from the application is possible in the following cases:

- (1) Contracts with an estimated value below 10.000 EUR can be awarded directly to any suitable service provider in or outside the Roster of Experts
- (2) Contracts requiring an expertise of a kind which is either not available on the RoE or the expertise is limited

Any exemption will be justified and documented.

## 2. Beneficiaries

The Energy Community is the Contracting Authority for contracts awarded to experts/consultants/companies included in the Roster. Consultants will be legally and professionally liable to the Energy Community for performance of tasks assigned in their respective contract. To the extent possible the contract will be based on the Secretariat's General Terms and Conditions.

The Contracting Parties, namely Albania, Bosnia and Herzegovina, Georgia, Kosovo\*, North Macedonia, Moldova, Montenegro, Serbia and Ukraine are the ultimate Beneficiaries of the interventions. As Observers, Armenia and Turkey<sup>1</sup> benefit to the extent their specific status is relevant.

### 3. Registration procedure or update of information

Interested natural/legal persons and institutions are invited to fill in the electronic form accessible at: <https://www.energy-community.org/aboutus/procurement/roster.html>. A signed application form should be submitted by email to [experts-roster@energy-community.org](mailto:experts-roster@energy-community.org) together with all required supporting documents. All required documents must be submitted in English. Applications submitted in other languages will not be taken into consideration.

In case any of the already enrolled service providers listed on the RoE would like to update their information, details should be sent directly to [experts-roster@energy-community.org](mailto:experts-roster@energy-community.org)

### 4. Legal form of the applicants

No particular legal form is required. Natural persons as well as legal entities regardless of their form of organization may apply.

In case of companies or consortia, the applicant should set up a project team and send the CVs of the members of the team. Team members can be replaced or added, provided that the new team member possess at least equivalent qualifications and experience as the replaced team member.

### 5. Nationality of applicants

Experts submitting their expression of interest as natural persons can apply regardless of their nationality.

For services financed through the EU grant contracts, participation of legal persons (participating either individually or as part of a consortium) is limited to entities effectively established in a Member State of the European Union or in an eligible country or territory as defined under the Regulation (EU) No. 236/2014 laying common rules and procedures for the implementation of the Union's instruments for external action (Article 9) for the applicable Instrument under which the contract is financed<sup>2</sup>.

No restrictions regarding nationality applies to legal persons established in the Energy Community Contracting Parties, Observers and Candidate Countries.

### 6. General description of the procedure

To be included in the Roster of Experts, interested persons and legal entities are invited to submit an application in accordance with the rules set out in this notice for one or more of the categories specified under point 9 below. The Roster comprises sub-lists, corresponding to the main fields listed under point 9.

The Contracting Authority assesses the applications and selects suitable service providers based on the criteria set under point 9 below. The list of experts accepted to the Roster is published on the website of the Energy Community, subject to explicit consent provided by the applicant in his/her/its Application Form.

The Roster will be used by the Contracting Authority for awarding contracts in line with the Austrian

Experts on the Roster will be invited to take part in the restricted procedure without prior notice, negotiated procedure without prior notice and direct award. When a relevant contract is to be awarded relating to a field listed under point 8 and depending on the specifics of the relevant procurement procedure, the Contracting Authority will invite one or several persons and legal entities from the Roster (on the relevant sub-list(s)), selected on the basis of objective and non-discriminatory criteria, to submit an offer or participate in a tender.

Depending on the estimated costs involved, other procedures as specified by the Austrian Federal Public Procurement Law<sup>4</sup> will be used in addition to the procedures involving the Roster of Experts. All procurement procedures will be done in accordance with the thresholds and procedures provided for in the Austrian Federal Public Procurement Law.

Inclusion on the list entails no obligation of the Contracting Authority concerning the award of the contract or an invitation to submit an offer or to participate in a tender.

## 7. Protection of personal data

As registering the candidates' expression of interest involves the recording and processing of personal data (such as the candidates' name, address and CV), such data as well as all commercial and business secrets and other non-public information revealed during the procedure will be handled strictly confidential. This excludes potential publication upon explicit consent.

The Energy Community Secretariat is committed to protect the right to privacy and has implemented measures to ensure data protection (Procedural Act 2019/01/ECS-EnC on Data Protection Policy on 1 March 2019, as amended on 29 April 2019). If you have concerns, please send an email to [data-protection@energy-community.org](mailto:data-protection@energy-community.org)

The applicants shall be required to express consent for the processing of their personal data by the staff of the Energy Community Secretariat during and after the selection process.

The application form shall also include a request for explicit consent for the publication of certain personal data (such as name) on the website of the Energy Community Secretariat if the respective applicant is selected for the Roster of Experts.

Unless indicated otherwise, the reply to this notice and any personal data requested are required only for the purposes indicated in point 7 of this document and will be processed solely for those purposes
