

An hour for Knowledge, KNOWLEDGE FOR FUTURE

March / May / July / September / November 2024

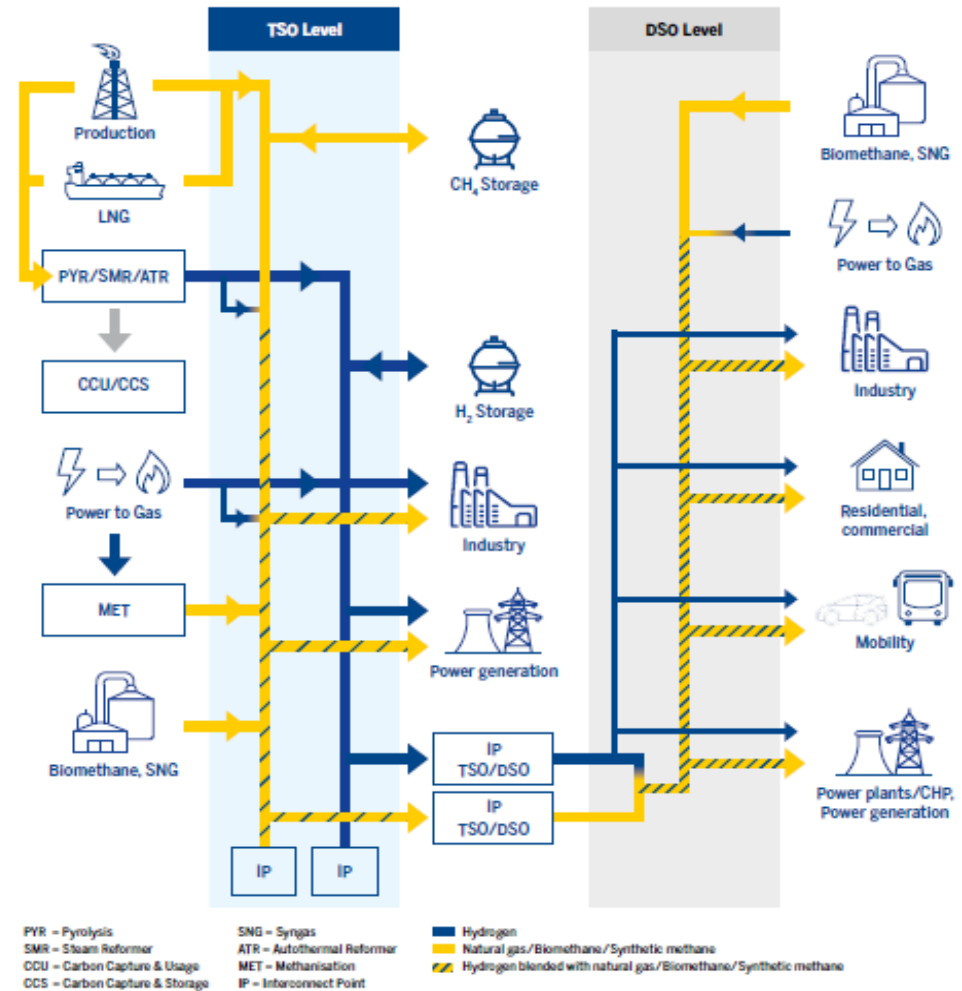

ECDSO-G

Energy Community Gas Distribution System Operators web portal. Cooperation, networking, together for a common goal...

New gases
 Injection points / delivery requirements
 Gas quality
 Measurement
 TS – DS interfaces
 New technologies
 Appliances

Source: Decarbonisation of gas value chain, ENTSOG

A photograph of several large, parallel natural gas pipelines running through a green field. The pipelines are mostly grey, with one prominent green pipeline on the right. The field is filled with green grass and dandelions. The sky is bright and clear.

Mr. Andrej Miljevic, MIDEX
Mr. Emanuele Guglielmino, Advanced Microturbines

**Energy efficiency and waste pressure in the system
and assesses the energy potential in the natural gas grids**
