

Unilateral statement of the Republic of Serbia

Regarding the configuration of the Capacity Calculation Regions (CCRs), the Republic of Serbia would like to underline that Serbia's TSO and NEMO will be ready to adhere to all agreements required for regional security coordination and market integration after reconfiguration of regions in accordance with the Joint Declaration on regional coordination signed on 3 December 2024.

The Republic of Serbia calls on the Energy Community Secretariat, the European Commission, and all Contracting Parties of the Energy Community to use a status-neutral tone regarding Kosovo* in all forms of statements (this designation is without prejudice to positions on status, and is in line with United Nations Security Council Resolution 1244).
