Outlook on adaptations for the Energy Community

Energy Community Secretariat
15 July 2021
Overview

1. Electricity Regulation 2019/943
2. CACM Regulation 2015/1222
3. FCA Regulation 2016/1719

reciprocity needed

....where did we start from?
... and how to reach our target?
Electricity Regulation

- Relevant discussion items
  - Definition of CCR governance
  - Definition of RCC
  - Definition of SOR
  - Geographical scope of BZ/R governance
  - Governance: ACER / ECRB voting rights for EU NRAs
• **Pan-EU methodologies:** take it or leave it
FCA Regulation

- In principle possible **without reciprocity**
  - However closely linked to CACM Regulation methodologies
- Single platform obligatory for CPs, option for EU MS and 3rd countries to participate
- **SEE CAO** can be the single platform
  - subject to complying with the FCA requirements
  - Transitional phase: once SDAC/SIDC extension completed, borders between MS and CP to be included in JAO
