EXPLANATORY NOTE

ON THE CURRENT STATUS IN RELATION TO THE DETAILED ROAD MAPS ON THE STEPS TOWARDS OVERCOMING DELAYS IN IMPLEMENTATION OF THE ENERGY ACQUIS

Background

According to Conclusion 21 of the 6th PHLG meeting, each Contracting Party is invited to present at the occasion of the Ministerial Council a “Detailed Road Map”, indicating the steps they intend to take to overcoming the delays. These should focus on all relevant issues, including market opening. For that purpose draft Detailed Road Maps, should have been sent to the Secretariat at the latest by 1st December 2007.

Purpose

The Detailed Road Map of each Contracting Party shall be presented by each Contracting Party at the PHLG meeting; further, it is expected that the heads of delegations of the Contracting Parties shall elaborate on the issue at the upcoming Ministerial Council. The regional approach – one of the core goals of the Treaty establishing the Energy Community – shall be one of the focuses.

This Explanatory Note aims at informing the PHLG member of the foreseen discussions, considering the perspective of interactive impacts in particular on the regional level and to introduce the information, presented by the Contracting Parties so far in the aspect of the detailed Road Maps along the lines of the cited Conclusion.

The Very First Next Step

Those Contracting Parties which have not sent the Detailed Road Map to the Secretariat yet are requested to do so and all PHLG members are kindly asked to elaborate on the presentations of their Detailed Road Map at the preparatory PHLG meeting.
