PLIMA
ENERGY COMMUNITY SECRETARIAT INFRASTRUCTURE TRANSPARENCY PLATFORM AND PROJECT MONITORING TOOL

Nenad Šijaković, ECS Electricity Infrastructure Expert

Athens, 1st June 2017
According to the Article 18 of adopted Regulation 347/2013 (MC Decision D/2015/09/MC-EnC):

The Energy Community Secretariat shall establish, by six months after the date of adoption of the first Energy Community list, an infrastructure transparency platform easily accessible to the general public, including via the internet.
PLIMA – Project Library and Interactive Map Application provides up to date information on the geographic location for each of the projects listed as PECI/PMI, as well as other relevant project data, using user friendly and interactive approach, and represents:

- Infrastructure Transparency Platform, and
- Project Monitoring Tool

PLIMA is a web based, in house developed, application currently being migrated to the Magnolia-Content Management System, with number of embedded Google map APIs and different Google charts.
