

EU Support to Ukraine on Energy Equipment

Assistance for the Energy Sector of Ukraine: Mobilising the Private Sector

23/03/23

Hans Das – DG ECHO - Director Emergency Management and rescEU

Ukraine – UCPM response update in energy

Energy sector:

- To date, **2 239 power generators** offered via UCPM. ERCC has mobilised **361 generators** from the **EU-financed rescEU stockpile**. Around 800 more rescEU generators are in the pipeline for a total 1000+ generators
- Over **5 million pieces of energy equipment** have been sent or are in transit to Ukraine via the UCPM. The UCPM assistance includes a wide variety of items such as **LED lightbulbs, transformers, circuit breakers, wiring and other technical equipment** necessary for the repair and functioning of the energy infrastructure.

Janez Lenarčič
@JanezLenarcic

🇪🇺 #rescEU energy hub in Poland is getting ready to deliver the first batch of 1000 generators to Ukraine.

This rescEU reserve hosted by 🇵🇱 is becoming the emergency energy lifeline to Ukraine.

We will #StandWithUkraine for as long as needed.

#EUSolidarity

EMERGENCY RESPONSE COORDINATION CENTRE (ERCC)

RUSSIA'S WAR ON UKRAINE - UCPM ENERGY ASSISTANCE DASHBOARD (as of 22/03 17:00)

2,239

Generators offered

2,133

Generators accepted

120,183

Generators power [kVA]

1,580

Transformers offered

1,138

Transformers accepted

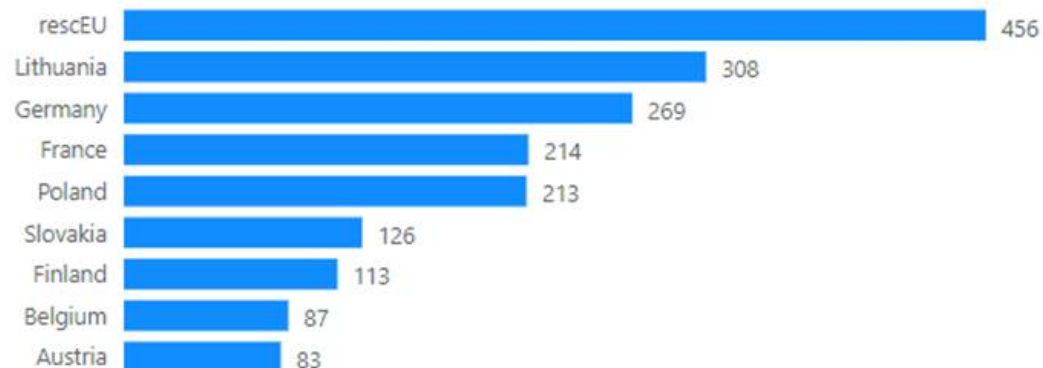

5.1M

Other energy materials [Units]

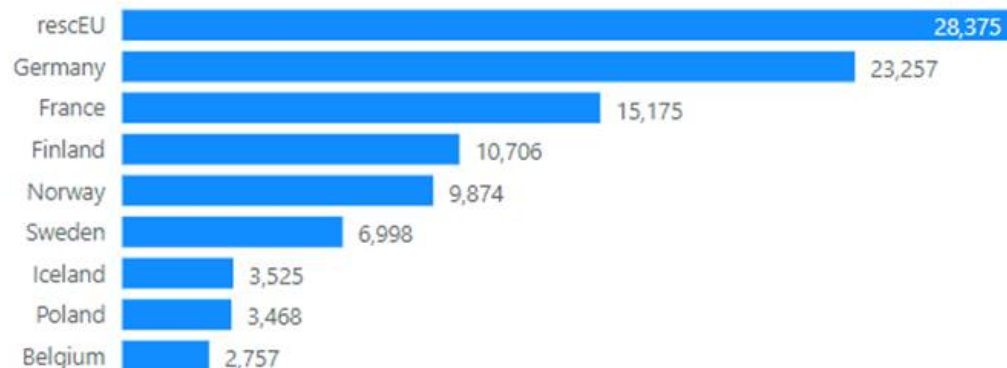

29

Offering countries

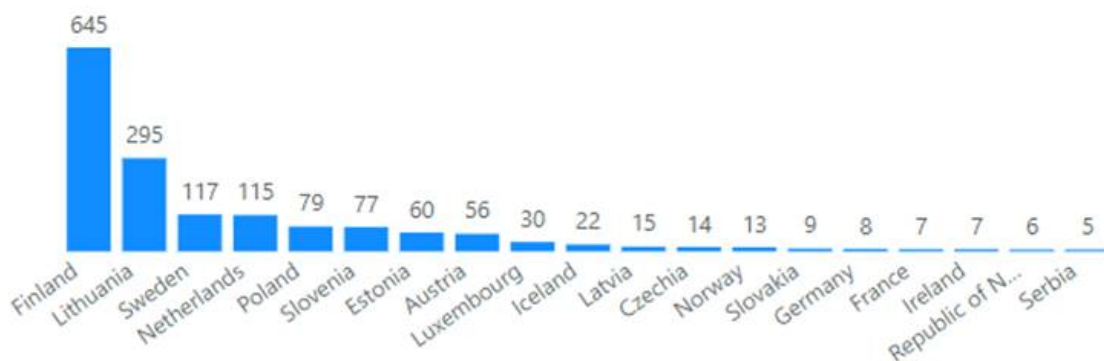

Number of generators offered by country

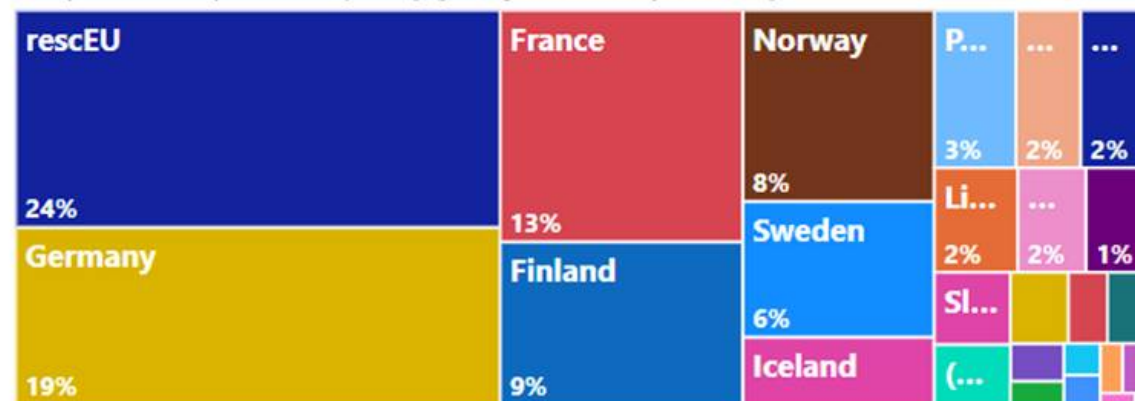

Power capacity [kVA] of generators offered by country

Number of transformers offered by country

Proportion of power capacity [kVA] offered by country

Insights on logistics operations

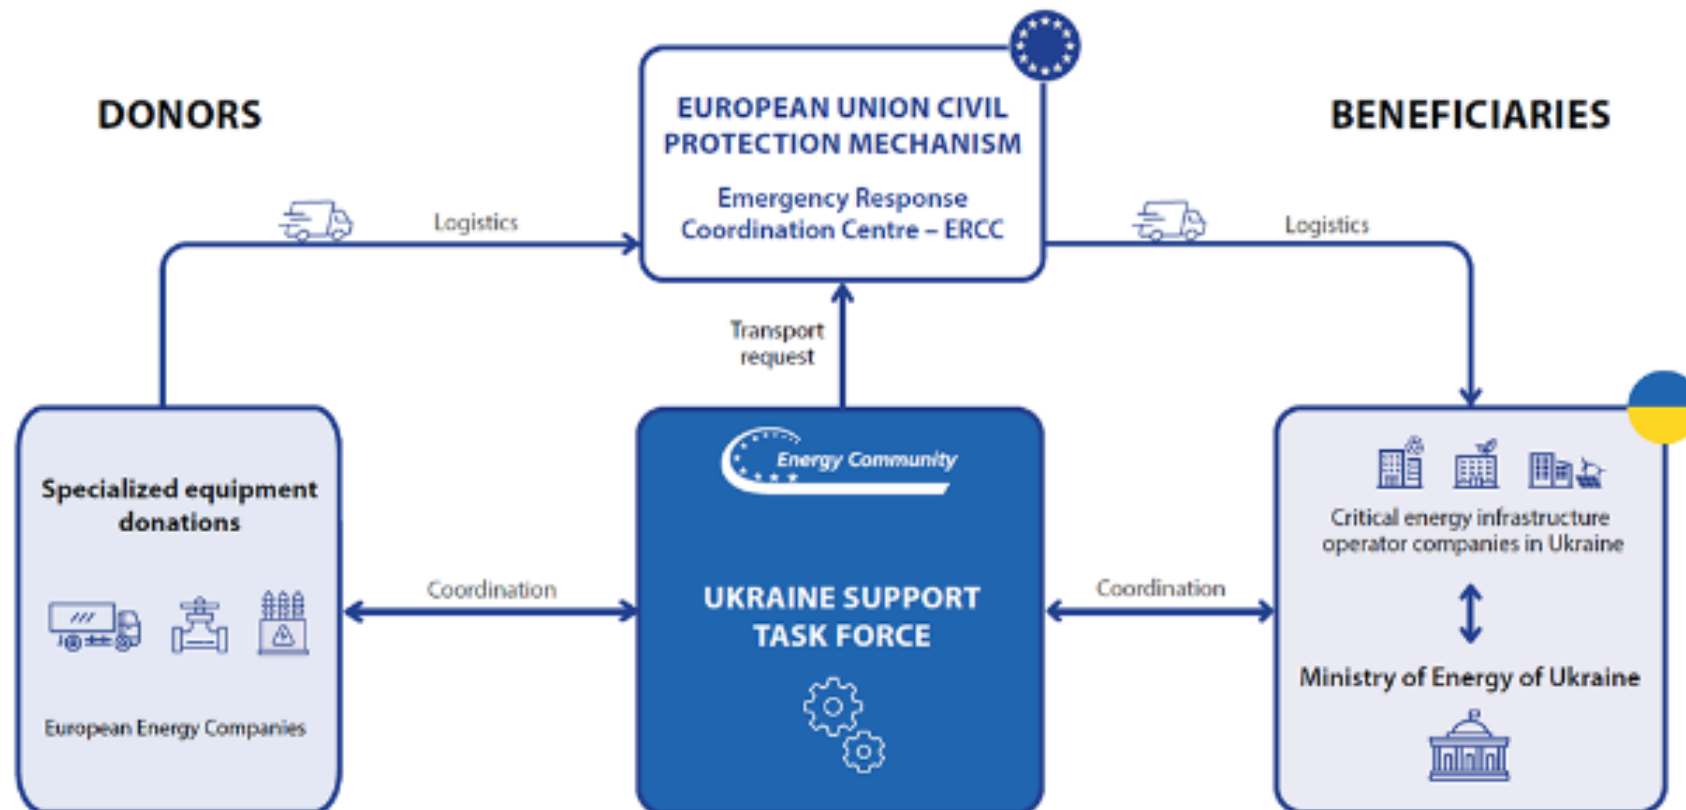

- **Methanol from NO** (2,000 Metric Tons) – The first batch of 17 wagons has been successfully delivered into UA wagons. The second batch of 18 wagons is currently being transported.
- **1 Autotransformer from LT** (400 Tons) – Successfully transported into Ukraine after complicated transport operation via ship and road
- **2 Transformers from DE** (160 Tons) – under dismantling operations (ETA middle March)
- **2 Autotransformer from IE and IT** (220 + 230 kV) - TBD

ERCC is working with interested MS on further offers of autotransformers and big transformers

EU-Energy Community Secretariat (ECS) Framework of cooperation

- **55 deliveries** of energy items to UA – over **1 130 tons** delivered
- **55 shipments** under preparation
- Energy items procured under the ECS Support Fund in EU can be transported under the UCPM

rescEU Energy Hub in Poland

- The Commission has set up a “**rescEU energy hub**” in Poland to receive and channel donations to Ukraine, with the transport costs co-financed by the Union budget.
- **Operationalization of Paris conference - rescEU energy donation process:** a General Description for Global Partners document was recently shared with international partners.
- Current deliveries from third countries via rescEU from **Canada** (high-voltage equipment) and **Australia** (95 generators arrived in Poland).
- Private donations of led bulbs on the way to Poland too.
- Donors can contact ECHO-Donations@ec.europa.eu
