Mr. Mykyta Vyshnevskiy, Director for Market Operations, UKRENERGO

Mr. Sukru Bogut, Senior Energy Advisor, USAID/ESP Ukraine

All participants

Closing remarks

12:50 – 13:00

* The EU4Energy Initiative covers all EU support to improve energy supply, security and connectivity, as well as to promote energy efficiency and the use of renewables in the Eastern Partner countries Armenia, Azerbaijan, Belarus, Georgia, Moldova and Ukraine. It does this by financing projects and programmes that help to reform energy markets and to reduce national energy dependence and consumption. Over the longer term, this makes energy supply more reliable, transparent and affordable, thus reducing energy poverty and energy bills for both citizens and the private sector.

** MD - UA Roadmap – high-level roadmap on the MD-UA electricity market integration, agreed in June 2019 during the high-level policy talks (Odessa, Ukraine)
