

The background of the slide is a dark blue image of a globe with glowing, interconnected energy lines and nodes, symbolizing a global energy network.

Introducing the Ukraine Energy Market Observatory: stakeholders workshop

Artur Lorkowski,
Director, Energy Community Secretariat

Kyiv – Vienna , 15 February 2023

ENERGY COMMUNITY SECRETARIAT: Guardian of the Energy Community Treaty

- MONITORING the implementation by the Parties of their obligations under the Energy Community Treaty;
- REVIEWS compliance of draft legal acts prior to their adoption;
- REPORTS on progress to Ministerial Council;
- MANAGE technical assistance financed by EU or national grants;
- Dispute Resolution and Negotiation Centre

UKRAINE IS IN FOCUS:

EnC's biggest energy market under war continues its way towards EU integration

EnCS UKRAINE MARKET OBSERVATORY: building trust and transparency for all stakeholders

Recognizing specific circumstances in Ukraine under martial law:

- ensure systematic and transparent support, oversight and reporting by the Energy Community Secretariat during martial law and in the post-war rebuilding of Ukraine: **for stakeholders to know;**
- reviewing and reporting on the “fast” regulatory decisions taken under martial law with regard to their proportionality, compliance with EnC acquis and impact on the energy market reform: **for stakeholders to understand;**
- identifying both opportunities and risks: **for stakeholders to intensify their efforts;**
- recommendations for Ukraine to stay on the path of energy markets reform and to advance the market integration: **for stakeholders to de-risk investments and support.**

OBSERVATORY TOOL: consolidated monitoring process, all assessments published*, regular monitoring of market developments by own staff, update of priority areas for development, regular summaries for main stakeholders, feed into EU-UA dialog on post-synchronization electricity market reform
