Follow-up of the Security of Supply Coordination Group – Sub-Group for Gas

Security of Supply Coordination Group – 3rd Meeting of Sub-Group for Electricity

Vienna, 13 December 2016
I. Transposition of the TEP + SoS provisions (1)

- 3rd Package compliant Primary Law adopted [* prepared by ECS]
- Draft Law exists [* prepared by ECS]
- Slow progress towards adoption
I. Transposition of the TEP + SoS provisions (2)

**AL, KS*, MD, ME, RS & UA**: TEP transposed through national (gas) laws; gas SoS provisions in place, in line with the TEP and Directive 2004/67/EC

**AL & UA**: on the fastest track for developments of the gas market secondary legislation, including gas SoS

**ME, RS & UA**: part of Regulation (EC) 994/2010 transposed

**KS* & FYRoM**: gas SoS related secondary acts are in place

**MD, ME & RS**: newly adopted laws require for new secondary acts

**BiH**: legal framework remains insufficiently developed
II. New Gas SoS Regulation (EC’s proposal)

- Regional cooperation
- National Plans vs(?) Plans at regional level
- Powers of the European Commission
- Solidarity
- Transparency of contracts
III. Submission of Gas SoS Statements for 2016

- Only FYRoM and UA submit the Gas SoS Statements regularly
- UA: detailed demand and supply data for a coldest 30-day period
- More storage related data
- FYRoM: detailed infrastructure and demand forecasts
- Other CPs - ?
IV. CESEC: ongoing process

ToR HLG in Feb 2015
MoU signed in July 2015
EU | AL | AT | BG | MK | GR | HR | HU | IT | RO | SI | SK | RS | UA | MD
Priority, conditional priority and other projects
Action Plan 1.0

High Level Group meeting in September 2016
MoU between UA, RO, BG and GR TSOs
Joint statement on Vertical Corridor
PMA between HU and HR
New horizon
Action Plan 2.0

Activities, Meetings
Monitoring, Reports
