24th PHLG Mtg. in Vienna – 23 March 2012
• Political support to the development of an oil dimension within the EnC in general, and to adopting acquis on emergency oil stocks in particular since 2008

• Several Oil Fora have reinforced the Contracting Parties’ willingness to gradually start transposing Directive 2009/119/EC

• The oil stocks workshops organised in 2010 and 2011 have confirmed the Contracting Parties’ position that the oil security as part of security of supply is the main priority in the oil sector

• The 9th Ministerial Council Meeting held in October 2011 in Moldova indicated explicitly as a priority the inclusion of the oil stocks Directive in the Energy Community in 2012

OIL STOCKS DIRECTIVE - EnC

CURRENT SITUATION

• Substantial differences between the Contracting Parties reflecting different oil supply and political structures

• Differing policies and measures followed by individual economies reflect the diversity among the Contracting Parties:

Government
Serbia
FYR of Macedonia
Ukraine

Industry obligation
Albania

Agency
Croatia

No Stockholding Policy: Moldova, Montenegro, Kosovo*

* This designation is without prejudice to positions on status, and is in line with UNSCR 1244 and the ICJ Opinion on the Kosovo declaration of independence.
OPEN ISSUES

• In order to be in compliance with Directive 2009/119/EC, will be required:
  • Legal framework changes for compliance
  • Additional actions (measures) on oil (crude oil and products) stockholding
  • Stockholding structure – what are the implications on the existing capacity Improvements on the response system in case of an emergency
  • Investments in compliance with directive
  • Planning ensuring compliance with the effective date of full implementation of this directive

NEXT STEPS

1. 3rd Oil Stocks Workshop co-organised with HANDA on 25-26 April 2012 in Zagreb

2. Full set of draft documents, concerning the implementation of the Directive, for endorsement during the next PHLG meeting - June 2012

3. Ministerial Council invited for adoption in October 2012

**Implementation of Directive 2009/119/EC will guarantee:**

- High level of security of oil supply in the Energy Community
- Maintaining minimum stocks of crude oil and/or petroleum products
- Establishing the necessary procedural means to deal with a serious shortage
- Possibility for a regional approach
