Context and purpose of the exchange

On 30-Apr-2020, the German Agency for International Cooperation (GIZ) and the Energy Community Secretariat (ECS) initiated the first Regional Exchange of Modelling Experts to support the modelling work underlying NECPs of Energy Community Contracting Parties (CPs) in the Western Balkans. Since then, a series of exchanges has aimed to support the build-up of modelling capacity for integrated energy and climate planning. Exchanges have facilitated technical discussions of modelling approaches, related aspects and challenges among modellers and technical experts of CPs.
