Effective Implementation of the Third Energy Market Package

Consumer Protection and Vulnerable Customers
• 3rd Package amendments regarding:
  - Retail markets (*new article*)
  - Role of regulatory authorities (*more tasks*)
  - Consumer protection (*more provisions*)

• Vulnerable customers in the Energy Community:
  - Definitions- national and regional
  - Treatment
Retail markets

• Contracting parties to ensure that the roles and responsibilities of market players are defined with respect to contractual arrangements, commitment to customers, data exchange and settlement rules, data ownership and metering responsibility.

• These rules shall be:

✓ published

✓ designed with the aim to facilitate customers’ and suppliers’ access to networks

✓ subject to review by the RA or other relevant authorities (*RA more logical due to its role in retail market monitoring*)
Role of regulatory authorities

Objectives:

• Ensuring that customers benefit from efficiently functioning market

• Promoting effective competition

• Helping to ensure consumer protection

• Helping to achieve high standards of public service

• Contributing to the protection of vulnerable customers

• Contributing to the compatibility of necessary data exchange processes for customer switching

Duties:

• Monitoring:

  ➢ level and effectiveness of retail market opening

  ➢ prices for household customers incl. prepayment systems

  ➢ switching rates

  ➢ disconnection rates

  ➢ complaints by household customers

  ➢ distortion of competition

• Helping to ensure that consumer protection measures from Annex 1 are effective and enforced

• Publishing annually recommendations regarding compliance of supply prices with Art.3

• Ensuring access to customer consumption data and providing format

• Monitoring compliance with and reviewing the past performance of network security and reliability and setting or approving standards and requirements for quality of service and supply
Consumer protection (1)

- **Switching** within 3 weeks

- Information on energy consumption (to enable switching):
  - Customer to/from Supplier (incl. DSO where needed)
  - No charge
  - Final closure after switching in 6 weeks

- **Billing**: transparent and frequently enough

- **Payment**: wide choice of methods, prepayment to reflect likely consumption

- **Single point of contact**: info on consumer rights, current legislation and means of dispute settlement

- **Independent mechanism for out-of-court dispute settlement**:
  - For example: ombudsman or consumer body
  - To settle dispute preferably within 3 months
• **Intelligent metering systems**: to implement and ensure interoperability, CB analysis optional

• **Energy consumer checklist**:

  ➢ Suppliers or DSOs, in cooperation with RA, to provide consumers with a copy of checklist and to make it public

  ➢ PHLG to adopt checklist prepared by the EC

• **Vulnerable customers**:

  ➢ CPs to define the concept

  ➢ CPs to ensure that right and obligations linked to vulnerable customers are applied

  ➢ Link between energy and social policy

**Status Review of Complaint Handling Practices in the Energy Community**

Customer Switching Study - Final Report

Development of Best Practice Recommendations for Customer Switching in the Energy Community

---

- Prepared by ECS -
Vulnerable customers in the Energy Community (1)

Scope and methodology:

- Energy Community Contracting Parties + Greece and Slovenia
- Questionnaire in 2011, afterwards updating the document directly every year
- Information provided by the regulatory authorities
- Where information for BIH differ for its entities and Brčko District of BIH, it is displayed separately

DEFINITION OF A VULNERABLE CUSTOMER:

- Exists in 6 Contracting Parties: Bosnia and Herzegovina, Croatia, Kosovo*, Moldova, Montenegro, Serbia
- In Moldova in non-energy related act
- However, in all CPs some customer categories are protected with respect to energy

* This designation is without prejudice to positions on status, and is in line with UNSCR 1244 and the ICJ Opinion on the Kosovo declaration of independence*. 
Vulnerable customers in the Energy Community (2)

Criteria for obtaining the status of a vulnerable customers or receiving energy related support (if no definition)

- Level of income
- Poor health
- Reference to obtaining status in the scope of social welfare scheme
- Other (?)

<td>Serbia</td>
</tr>
</tbody>
</table>

#### Non-economic support:

- Protection against disconnection
- Mostly for customers with poor health status
- In BIH and UKR all households eligible, but only in certain cases

Percentage of households qualifying for/receiving economic support:
- 30% Albania
- App.9% BIH
- 10% Kosovo*
- 15% Serbia
- All for electricity
### Protection seasonally based?

Vulnerable customers in the EnC Social Strategy

**Electricity**

- For permanent housing

- Max consumption per person (indicative 200kWh/month for up to 4 member family)

- Reflect seasonallity

- Lowest income (incl. available assets)

- Electricity supplied through single-phase meter with a connection not exceeding max power (indicative 16A)

**Gas**

- For permanent housing

- Max consumption per person (indicative 70m³/month for up to 4 member family)

- Reflect seasonallity

- Lowest income (incl. available assets)

**Definitions to include minority of population**

Consumption of vulnerable customers to be financed by social allowances

**Electricity or gas**
Thank you!

Energy Consumer Checklist

• Questions to be answered when preparing national energy consumer checklist

• Lists not exhaustive, national specific questions may be added

• Competent body to be designated

• Issues covered by questions:
  ➢ Information obligations
  ➢ Contracts and billing
  ➢ Prices, tariffs and monitoring
  ➢ Free choice of supplier
  ➢ Connection to network
  ➢ Complaint handling
  ➢ Consumer representation
  ➢ Social measures
  ➢ Unfair commercial practices
Example of questions from EC’s Energy Consumer Checklist

Questions

Who are the active suppliers in my area?

How do I cancel my contract and switch to a new supplier?

- What are the minimum general conditions for cancellation in case of switching?
- I found a more interesting offer for energy supply and have decided to switch. Who takes care of the paper work?
- When switching supplier, is there a risk of disconnection?
- What reasons may exist that would stop me switching supplier?

Are there situations that would prevent me from switching to a new supplier without penalties?

- How much will it cost me to change supplier?
- What is the maximum duration a supplier is able to tie a consumer for contractually?

Who should I contact if I think that I have been unfairly charged to change supplier?
**Example of questions from EC’s Energy Consumer Checklist**

**Questions**

*What* will happen once I have not reacted to a payment notice?

*How* can I avoid disconnection if I cannot pay my bill?

*What* do I do if I am disconnected?

Is there a definition of vulnerable consumers applied in my area? *What* criteria do I have to fulfil to be considered as an aid worthy (vulnerable) consumer?

*What* support and protection are available for consumers in delicate financial situations in my area?

*How* can I reduce my consumption in order to pay less?

*Who* can I contact to find out about local measures to vulnerable consumers in my area?
