

7th Coordination Meeting of the Energy Community Electricity Generation Companies

Energy Community Secretariat, Am Hof 4, Level 6, 1010 Vienna (hybrid)

10 November 2023
10:00 – 13:30 CET

Opening

10:00 Opening address [ECS]

Electricity market coupling with the EU

10:10 Impulse statement: Transposition and implementation of the Electricity Integration Package (ECS)

Discussion: Impact of integration and market coupling on existing and future business models

CBAM preparedness

10:40 Impulse statement: CBAM impact on electricity market integration and the future carbon pricing in the Energy Community (ECS)

- Link between market coupling and the CBAM exemption for electricity
- Link between an emission trading scheme (ETS) and the CBAM exemption for electricity
- Status of discussions and expected developments towards an ETS for the Energy Community

11:40 Roundtable discussion

- What is the expected impact of CBAM on your business model and operations?
- What is the expected impact on your company of setting a CBAM border between CBAM-compliant and CBAM-not-compliant Contracting parties of the Energy Community?
- Have you done or are you planning any actions to adapt to the impacts of CBAM?
- Would the CBAM exemption for electricity be necessary/beneficial for your company?
- Would the CBAM fee be more beneficial for your company than the domestic ETS with the carbon price “equivalent to the EU ETS”?
- Would an ETS be more beneficial on the national level, the regional level or on European level?
- Would you have any suggestions on key elements of a national or common ETS design?

Winter preparedness 2023-2024

12:30 Impulse statement: Security of supply in the Energy Community (ECS)

Discussion: Production plans and realization – update

Wrap-up

13:00 Conclusions and next step
