- **All provisions are available**

- prepared by the Energy Community Secretariat -
CONCLUSIONS: ACQUIS ON ENVIRONMENT

- Contracting Parties are at very different level of implementation of acquis
- Different level of development of their environmental policy approach on a strategic level
- On the ground of the provided information it might be concluded that only a few Contracting parties have undertaken concrete steps towards implementation of Directive 85/337/EEC (as amended by Directive 97/11/EC and Directive 2003/35/EC) and Directive 79/409/EEC
- Update of the available information is needed
- Concrete work is needed for preparing the implementation of the acquis with postponed deadlines
